UNIVERSITY OF Baguio

SCHOOL OF INFORMATION TECHNOLOGY

Instructional Material (Laboratory)

Human-Computer Interaction
(HUMCOM1)

Topic(s):	**Introduction to HTML, Navigation, and Image Formatting**					
Laboratory Activity No.	**07**			**No. of Hours:**	**30 minutes**	
Start Date:	**FEBRUARY 27, 2026**			**Due Date:**	**FEBRUARY 27, 2026**	
Approach:	☒	Individual	☐	Group		
	☐	Online	☒	Onsite	☐	Hybrid
Name(s): *Lastname, First Name Arranged in alphabetical order*	**Diaz, Marck Gabriel C.**					

I. Prerequisites

Students should have:

a. Knowledge of the Anchor (`<a>`) tag and the `href` attribute.
b. Understanding of file paths for internal site navigation.
c. Proficiency in CSS Flexbox or Grid for multi-column layouts.

II. Learning Objective

At the end of this laboratory activity, the student must have created a functional, well-structured HTML webpage titled "**Creative Portfolio**". The output must demonstrate the student's ability to use navigation bars, formatted circular image grids, and responsive layout designs.

Learning Objectives	Aligned Course Learning Outcomes (CLOs)
1. Construct a functional navigation bar with an active state (Gallery).	CLO 3
2. Implement perfectly rounded images with borders.	CLO 3
3. Create a visually balanced landing page with a Call-to-Action button.	CLO 3

III. Setup and Procedure

Mandatory

Software Environment:

- Visual Studio Code, Notepad++, or Notepad

Hardware Environment

- PC/workstation

IV. Problem/Procedure

Annex A for the problem description.
Annex B for the detailed procedure.

V. Additional Instructions

a. **Filename (HTML):** You must follow the naming convention. Activity Number,Lastname- Folder.
b. **Template Requirement:** Do not forget to use the provided template to include your activity output/screenshot, the source code, and your reflection.
c. **Submission Method:** Submit the final `.html` file to the designated laboratory drive or as specifically instructed by your faculty. Remember that you already have your index and about page, this has an individual folder (for checking purpose) just copy paste what you have started as it all connected.

VI. Rubric/Scoring Guide

Criteria	5 Points (Excellent)	3 Points (Good)	1Points (No Effort)
Navigation Bar	The active state of "Gallery" is clearly visible in a dark bar.	Missing active state or navigation links.	No navigation bar present.
Image Formatting	Exactly 12 circular images arranged in a clean grid.	Images present but alignment or count is incorrect.	Images are missing.
Deployment & UX	Portfolio card is centered with a shadow and balanced labels	Cards are present but the grid is cluttered or labels are missing.	Disorganized layout.
Saving Req.	Correct filename and live deployment link provided.	Wrong naming convention	Wrong file format.
TOTAL			__ / 20 Points

VII. Reflection

In this section, you will write a brief reflection on your learning. Answer the following guide questions:

1. Why is an "active state" in a navigation bar important for user experience?

An active state in a navigation bar is important because it helps users identify which page they are currently viewing. It makes navigation easier, reduces confusion, and improves the overall user experience.

2. How does a grid system help in organizing a large amount of visual content like a portfolio?

A grid system helps organize visual content, such as portfolio projects, into neat rows and columns. It keeps the layout consistent, makes content easier to browse, and gives the website a clean and professional appearance.

VIII. References

- **W3Schools (n.d.).** *HTML Introduction.* W3Schools Online Web Tutorials.
- **Mozilla Developer Network (MDN) (n.d.).** *Getting started with HTML.* MDN Web Docs.
- **HTML Links and Navigation.** For specific guidance on the `<a>` tag and `href` attribute as required by the activity prerequisites.
- **CSS Image Formatting.** Documentation on `border-radius` for creating the mandatory rounded image effects.

ANNEX A
Problem

Instructions: Create the "About the Collection" sub-page for "Student's Choice of Name Creatives " that features a professional header and a centralized content card.

Constraints:

- **Header:** Must contain the brand logo and name "Student's Lastname Name Creatives" in uppercase.
- **Navigation:** A dark navigation bar with "HOME", "ABOUT", "GALLERY", and "CONTACT" links.
- **Image:** Must include one (1) centered circular image of the creator, formatted with a dark border.
- **Content:** * A main heading "About the Collection".
    - Three (3) distinct paragraphs of professional text describing the brand's vision and innovation.
- **Footer:** A black footer with the text "© 2026 Student's Lastname Name Creatives".

.

ANNEX B
Procedure

Procedure:

- **Document Setup:** Start with `<!DOCTYPE html>` and the `<html>` tag.
- **Head Section:** Include a `<title>` tag with the text "Jhazianne's Creatives".
- **Header & Nav:** Create a `<header>` for the brand name and a `<nav>` section for the four menu items.
- **Main Content Card:** Use a `<div>` with a white background and rounded corners to hold the text and circular image.
- **Image Formatting:** Use CSS (`border-radius: 50%`) to make the profile image perfectly round.
- **Footer:** Add the copyright information at the bottom of the page.
- **Saving:** Format as `.html` and use naming convention `Activity6_[YourLastName].html` or `index.html` for GitHub.

Final Submission Format Reminder

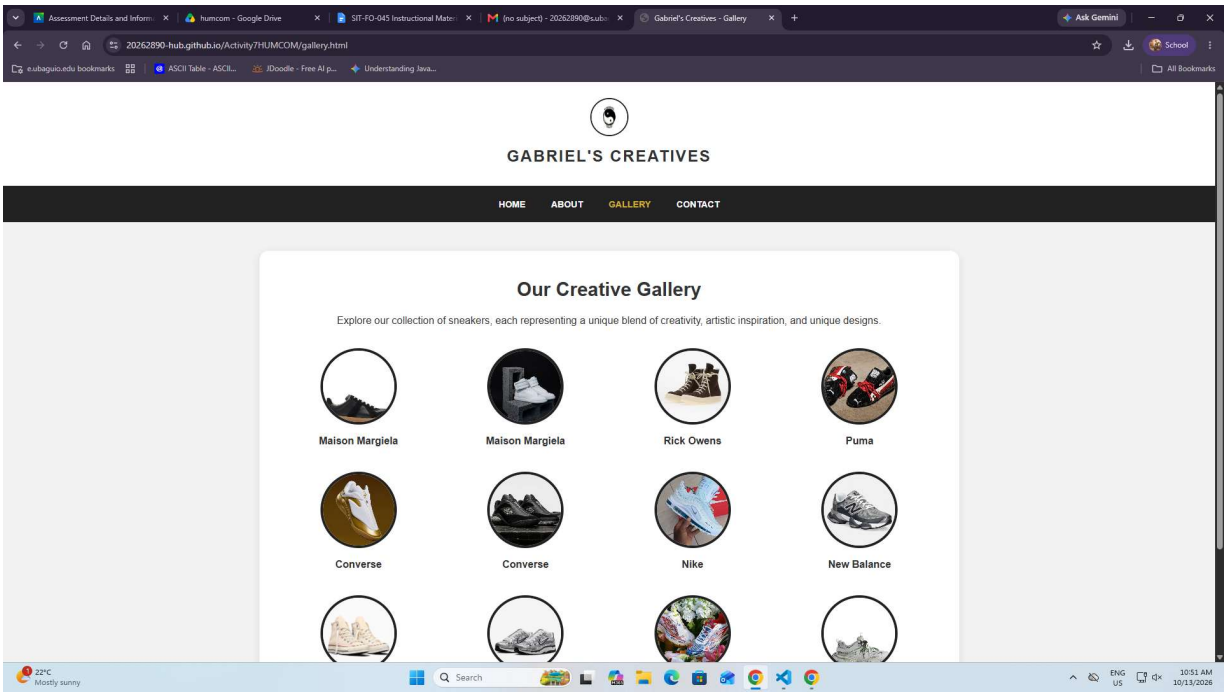

As per the mandatory instructions in SIT-FO-045:

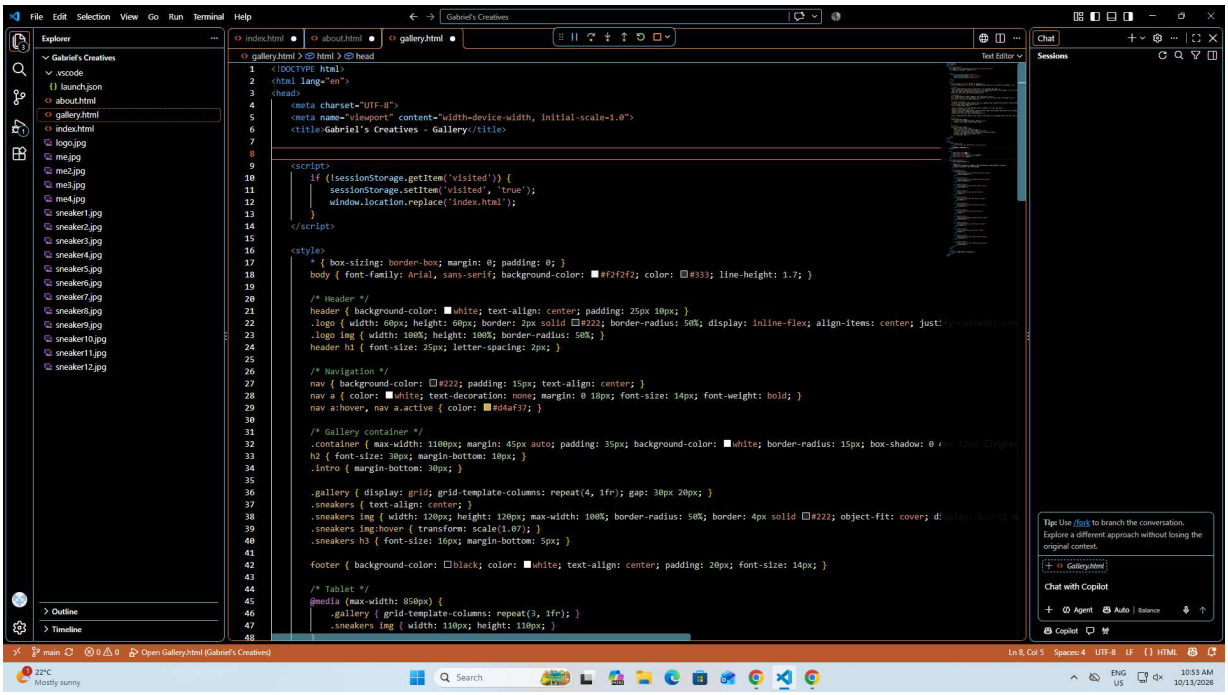

- Required Sections:
    1. **Activity Output** (Screenshot of the live site)
    2. **Activity Code** (The full HTML/CSS source)
    3. **Activity Reflection** (Answers to the guide questions)
